The Organization:

Located in Churchill, Manitoba, or the “Polar Bear Capital of the World”, it is one of Canada’s northern beauties with 300 days of some of Earth’s finest northern lights, and heart of the highest concentration of beluga whales in the summer. Churchill Health Centre (CHC) serves a community of 831 residents as well as patients and clients from surrounding communities in Manitoba and the Nunavut Region, Kitikmeot Region and the Baffin Region. Working as an operating division of the Winnipeg Regional Health Authority, CHC offers a variety of programs and services: ER, Medical Clinic, Dental Clinic, Addiction Services, Public Health, Community Wellness, Mental Health, Long Term Care, Telehealth, Pharmacy, CFS and Children’s Centre.

The Opportunity:

The Pharmacist is accountable for providing leadership in the pharmacy service in the Acute Care, Long Term Care and Community Pharmacy. Reporting to the Director of Patient Safety & Quality, the incumbent will act as a change agent in the continued improvement of pharmacy service for stakeholders, the community and the serviced areas. Working with Senior Management Team, he/she will leverage the resources and processes available from the regional pharmacy program to ensure continued excellent services and programs are delivered within the institutions and integrated with the community as the continuum of the health components of prevention, promotion, rehabilitation, curative and supportive.

Key Responsibilities:

- Responsible for the provision of pharmacy services to accommodate the medication and medication-related needs of hospital inpatients and outpatients, including pharmacotherapy monitoring, drug information and education;
- Establish and monitor protocols to ensure that clients are kept informed on health matters, and that community and public relations are effective and sensitively addressed;
- Develop operational policies in compliance with applicable Regional Health Authority, Federal, Provincial and Municipal laws and regulations, and in collaboration with management and staff;
- Collaboratively monitor, evaluate and reassess the quality and appropriateness of each service/program provided to clients;
- Co-ordinate and supervise the day-to-day patient/resident care institution;
- Provide direct supervision and actively participate in recruitment, hiring, performance review and discipline of all employees within direct reporting relationships;
- Collaborate and co-operate with Medical Staff and others involved in providing client services;
- Direct, co-ordinate and supervise institutional health care services to achieve and maintain safe, efficient and competent care;
- Achieve and maintain the standards within the institution as required by the Canadian Council of Health Facilities Accreditation;
- Personally be aware of, adhere to, and assure that all staff are orientated/adhere to Occupational Health and Safety Policies and Procedures; and
- Prepare and assist in budget and operational reporting to COO, Board of Directors and external stakeholders as required.

Selection Criteria:

- Graduate of an approved pharmaceutical program;
- Experience in a retail and/or hospital pharmacy practice is required;
- Supervisory experience and proven leadership skills;
- Eligibility for registration with the College of Pharmacists of Manitoba;
- Knowledge of current pharmacy computer systems and software preferred;
- Effective verbal, written and interpersonal and communication skills;
- Effective analytical and problem-solving skills; and
- Committed to working in an integrated, multidisciplinary health and social service workplace.
