About All-Fab

The All-Fab Group of Companies is a successful and fast-growing company, recognized as one of the leading construction industry suppliers within Western Canada.

From concept to delivery, All-Fab is home to an integrated team of skilled professionals trusted to complete high-performance structural components for residential, commercial, or agricultural projects. All-Fab ensures that structural components for roof systems, floor systems, wall systems, engineered beams, and small building packages offer an exceptional combination of quality and value.

The company has 9 locations supporting 14 business divisions in Manitoba, Saskatchewan, Alberta, BC, and Minnesota. The Group operates in three industry sectors: Building Component Manufacturing, Building Materials Supply and Building Construction Projects.

Working with contractors, regional dealers, residential and commercial builders, the All-Fab Group is committed to providing the best possible solutions to its customers, allowing them to "Build with Confidence".

All-Fab engages and develops exceptional people who support its reputation for consistently delivering excellent customer service in all that it does. The Company continually invests in people, process, equipment, and technology to ensure continued success in the building construction industry.
